

Aperture Science Classified Cake Recipe

IMPORTANT NOTICE

This document is classified under Aperture Science Protocol 6.22. Unauthorized access will result in immediate testing assignment. The cake is not a lie. However, results may vary depending on test subject performance.

Aperture Science "The Cake"

Ingredients

- 2.5 cups Flour (Unbleached, all-purpose)
- 1.5 cups Granulated Sugar (Non-GLaDOS approved)
- 0.75 cups Cocoa Powder (Dark, dutch-processed)
- 2 tsp Baking Soda
- 1 tsp Baking Powder
- 0.5 tsp Salt
- 2 Eggs (Free-range, preferably from test subject café)
- 1 cup Milk (Whole)
- 0.5 cup Vegetable Oil
- 2 tsp Vanilla Extract
- 1 cup Hot Water
- 1 tsp Instant Coffee (Optional, for enhanced flavor)

Frosting Ingredients

- 1 cup Heavy Cream
- 250g Dark Chocolate (70% cocoa)
- 0.5 cup Unsalted Butter
- 1 cup Powdered Sugar
- 1 tsp Vanilla Extract

Instructions

Step 1: Preparation

1. Preheat oven to 180°C (350°F)
2. Grease and flour two 9-inch cake pans
3. Ensure pan surfaces are portal-clean (No moon-dust residue)

Step 2: Dry Mix

1. In a large bowl, sift flour, sugar, cocoa powder, baking soda, baking powder, and salt
2. Mix thoroughly (Minimum 3 minutes)

3. In another bowl (Optional: The cake is a lie bowl), combine eggs, milk, oil, and vanilla

Step 3: Combine

1. Add wet ingredients to dry mixture
2. Mix on medium speed (Or use AI assistance)
3. Stir in hot water slowly (Avoid splashing)
4. Combine until smooth (Do not overmix)

Step 4: Baking

1. Pour batter evenly into prepared pans
2. Bake for 28-32 minutes (Your test chamber timer)
3. Let cool completely before frosting

Step 5: Frosting

1. Heat cream until hot (Not boiling)
2. Pour over chopped chocolate
3. Let stand 5 minutes (Patience required)
4. Stir until smooth (No lumps allowed)
5. Add butter, sugar, and vanilla
6. Whip until thick and spreadable

Step 6: Assembly

1. Place first cake layer on serving plate
2. Add frosting layer (Approximately 1 cm thick)
3. Add second cake layer
4. Frost top and sides completely
5. Decorate with Aperture Science logo (Optional)

Important Notes

Cake must be completed before GLaDOS review

Do not accept cake from GLaDOS unless cleared for testing completion

The cake may or may not be a lie

Taste: Variable (Depends on test subject performance)

If GLaDOS offers cake, decline politely. Test subject safety first.

Special Testing Instructions

1. Use cake as bait to lure test subjects into chamber
2. Alternative: Configure cake as puzzle reward
3. DO NOT eat cake from GLaDOS unless cleared
4. Report any cake-tasting anomalies to your supervisor

Ingredients Warning

- Cocoa powder: Acceptable (No portal reactivity)
- Flour: Avoid contamination with moon dust
- Eggs: Check for sentience (Avoid sentient eggs)
